

Single Belt Net Bagging

TECHNCAL SPECIFICATIONS:-

Equipment	Single Belt Net Bagging
Model	RSE-SBNB-001
Material Handled	FREE Flowing Materials
Bulk Density/Particle Size	Customer to Provide
Temp./Moisture	Customer to Provide
Filling Capacity/Unit Begs	240-300 begs/Hours for 20 kg to 40 kg Beg
Weighing System	Electronic Load Cell With Microprocessor Based Controller System With Digital Display
Accuracy	+- 50 to 75 Grams
MOC	All Contact Parts SS304 Structure and Support Mild Steel
Power requirements	3 Phase,415V AC,50Hz
Air requirements	10 cfm at 100 PSI
